## MSDS Information Sheet

SUBJECT: OSHA Hazard Communication  
Standard #29CFR1910 1200

All products manufactured and supplied by EPM, Inc. are considered to be "Articles" under the reference OSHA Standard above and are therefore not subject to the material safety data sheet (MSDS) requirements.

Subject regulation defines "Articles" as a manufactured item which is (1) formed to a specific shape or design during manufacture, or (2) has end use functions dependent in whole or in part upon shape or design during use, or (3) does not relate or other wise result in a hazardous chemical under normal conditions or use.

Sincerely,

Jerry D. Whitlock  
President
